WANT TO CATCH A GLIMPSE OF " LIFE AT PRANAAM "?

LIKE TO HEAR WHAT PEOPLE SAY ABOUT SAKET PRANAAM?

We moved to Saket Pranaam 6 years back. Now we feel it was a wise decision as we could overcome some difficulties which senior citizens face, in the changing socio-cultural aspects of our country as most of them are addressed in Saket Pranaam to a great extent. We are impressed with the peer group discussions, sharing of experiences, free medical camps and devotional activities like bhajans etc which keeps us lively. We are very happy with the concept of adult retirement community. That is why when we moved to India, Saket Pranaam was our first choice.

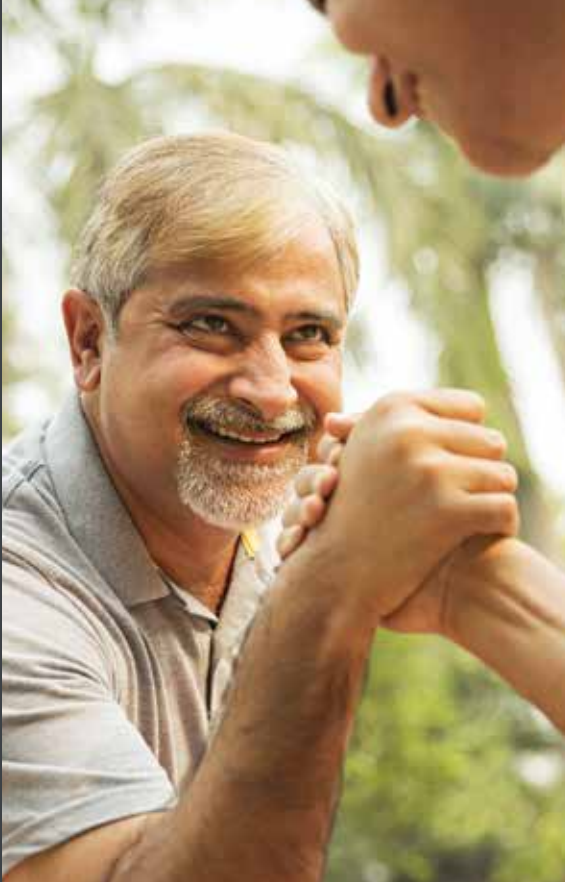

**Dr. K. S. VISHWANATHAM PRASAD &
Smt. K. VIDYA**

We are the first residents of Saket Pranaam I. We came here in 2011 from USA. We are in that stage of life where we need support. From moving a cup of coffee to daily meals, home service, regular medical checks and all important things are provided by Saket. Now it provides so many other activities as well. Few things I like about Pranaam are, like people sitting in groups and enjoying, so that you won't feel lonely and in case of emergency, everyone is ready to help each other. Since our children are living in abroad, we were in need of a project like this.

Thanks to Saket for this exceptionally good concept. We wish Saket all the best for SAKET PRANAMAM and hope the project reaches new heights with additional features.
